Remarks

Rare opportunity to own a recently built 3,585 sq. ft. home featuring a rare first-floor owner's suite floor plan on a private half-acre lot. Thoughtfully designed with exceptional craftsmanship and luxurious finishes throughout, this distinctive home offers elegance, comfort and functionality. Pella casement windows are wood with aluminum clad. The spacious owner's suite features two walk-in closets and a spa-inspired bath with a deep soaking tub, oversized shower with multiple controls, separate vanities and custom tilework. The dramatic 17-foot, two-story great room is highlighted by a custom stone fireplace and expansive windows overlooking the beautifully landscaped setting. The chef's kitchen showcases high-end LaFata cabinetry, while solid maple flooring extends throughout the first floor. Trimmed arches, large base and case moldings, premium lighting and automated blinds add a sophisticated level of detail throughout the home. Dual zone heating provides comfort on all levels. Outdoor living is equally impressive, with extensive paver walkways, a beautifully crafted walled patio and firepit creating a private destination for relaxing or entertaining. A tranquil water feature enhances the peaceful ambiance of the half-acre setting. The lower level offers exceptional future
